EDUCATION

Indian Institute of Information Technology (IIIT) Surat

Nov 2022 - Aug 2026

Bachelor of Technology in Computer Science and Engineering (CSE)

CGPA: 9.53

Relevant Coursework: Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, OOP, Cloud Computing

SKILLS

Languages Python, Javascript, C, C++, SQL, TypeScript
Web Technologies HTML5, CSS3, React.js, Express.js, Node.js, Next.js, WebSockets, Postman
Databases MySQL, MongoDB, Firebase, Database Design, Query Optimization
DevOps Git, Linux, AWS EC2, AWS Lambda, Docker, Containerization

EXPERIENCE

SDE Intern

Jan 2026 - Present

Bodhiverse, IIT Bombay

Mumbai

- Implemented Play Integrity API-based device verification (replacing SafetyNet) in SAFE Application, enabling 100% detection of emulator/untrusted devices.
- Developed a BLE-based attendance system replacing WiFi-based detection, improving cross-platform accuracy and reducing incorrect attendance marking for iOS devices.

Chrome Extension and Node.js Developer

Oct 2024 - May 2025

Across The Globe

Remote

- Optimized a **Website Analyzer Chrome extension** to extract structured data from company websites, to perform **automated site audits** that feed into AI-driven UI/UX reports, improving client outreach efficiency.
- Refined **Zoho integration logic** for SahajMoney, implementing **AWS Lambda alerts**, reducing API calls by 50% and ensuring earlier error detection.
- Directed backend development of **PLNR Project Phase M1**, designing models and 10+ APIs on AWS EC2 with PM2 and NGINX, ensuring 99.9% uptime and stable operation for client-facing services.

Junior Developer

Jun 2023 - Aug 2024

Google Developer Groups IIIT Surat

Surat

- Designed **Q&A APIs** in Node.js with MongoDB for the **Corporate Crime** event in Spring Fest'24, serving 50+ teams.
- Built a **real-time leaderboard** using Socket.io, reflecting live scores with **sub-second latency** during gameplay.

PROJECTS

Spot It | Node.js, React.js, MongoDB, SocketIO, Nodemailer, Postman, Vercel

Github | Project Link

- Developed a full-stack **lost and found platform** with **JWT-based authentication**, email verification, and password recovery, supporting secure access for 100+ daily users.
- Implemented **REST APIs** and **real-time chat** via **Socket.io**, enabling instant messaging, edit/delete, and threaded replies with average response times under 200ms.
- Built a **notification system** alerting users of comments on their posts, increasing engagement by 50%.
- Managed **Multer uploads** and **Cloudinary storage** for profile and post images, reducing page load times by 40% and ensuring scalable media handling.

LEADERSHIP

- Senior Developer, TNP Website:** Led **technical strategy**, supported junior developers, and integrated **role-based access control** using Next.js and Firebase in the admin panel.

ACHIEVEMENTS

- ICPC Chennai Regionalist 2025 - Achieved Rank 1 (Institute Topper) in ICPC Preliminary Round
- Achieved **2150+ Rating** on [Leetcode](#) and **3 Star Rating** on [Geeks-for-Geeks](#) with **1000+ DSA** Problems solved.
- Secured place in **Top 10** out of 50 teams in GDSC IIIT Surat's DevHeat Beta hackathon by developing [HackedIn](#).
- Selected as 1 of 5,000 nationwide for the **Reliance Foundation Undergraduate Scholarships**.
